community therapists

SERVING BRITISH COLUMBIA SINCE 1989

Eldercare Services

Rehabilitation Staffing Solutions

Improving dignity, mobility and comfort for better resident health and safety.

Why Community Therapists?

Community Therapists has provided high-quality, facility-based inter-disciplinary rehabilitation programs since 2004. Since our inception, we have focused on delivering accountable, results-oriented programs to institutions. Our program manager maintains consistent contact with your facility, and our personnel work closely alongside your team to ensure resident services are delivered in a coordinated fashion.

Program Benefits

- Improved resident mobility, safety and quality of life
- Reduced injury/fall rates for care staff and residents
- Staffing continuity, year round
- No payroll, benefits, disability or sick time to manage
- Full QA & staff management of your rehab department
- Proven program documentation that facilitates accreditation
- Flexible service agreements enabling adjustments
- Close integration of the rehab department with nursing staff

About Us

Since 1989, Community Therapists has provided evidence-based assessment and rehabilitation services for seniors and individuals with disabilities. Our team includes over 70 health care professionals and we serve more than 20 institutional clients, including residential care facilities, insurers and health authorities.

Our Commitment

- Tailored to Facility Budget & Resident Needs
- A Focus on Resident Function & Mobility
- Seamless Integration with your Staff

Our Process

Our first step is to understand your needs, preferences, budget and resident profile. With this information, a proposal can be developed. We prioritize program components to optimize outcomes within your facility's fiscal constraints.

> *By utilizing rehabilitation assistants working under therapist direction, programs are delivered with the right frequency and intensity to deliver results cost-effectively.*

Program Components

Our rehabilitation team includes occupational therapists, physiotherapists and rehabilitation assistants. We are also able to source and manage other personnel, including Speech & Language Pathologists and Counsellors, as needed.

Program components include:

- Seating & Positioning Assessments (wheelchairs, power mobility)
- Dysphagia (Swallowing) Assessments
- Adapted Fitness & Balance Programs
- Fall Prevention programming
- 1:1 & class based rehabilitation programs
- Adapted Equipment Assessment and Implementation
